

In-season rates (July and August) at Journey's End range from \$650 to \$1000 per week.

Rates are slightly lower in the pre and post seasons. The resort is open from early May to late November. We encourage you to call early for the best availability.

We do insist, due to insurance and health-related laws, that you do NOT have additional guests or visitors without specifically granted permission. Additional fees will apply as our facilities are reserved for the use of registered guests ONLY.

Sorry but no pets during the months of July and August.

Thank you again!!

Modern housekeeping
cottages in a peaceful,
lakefront setting!!

Thank you for your interest in “Journey’s End” Cottages, a small cottage colony located on a 14-mile long lake in the heart of the beautiful Adirondack Mountains. We are certain you will be very pleased with our clean and well-maintained accommodations.

Long Lake offers wonderful days of swimming, fishing, hiking and boating. You can enjoy the great outdoors with a picnic (picnic tables & barbecue grills provided) or just relax in a lawn chair on our sandy beach. There is a courtesy canoe for guests to use.

All cottages are carpeted and quite modern. The cottages have compact refrigerators and apartment-sized ranges with oven and broiler. They also include microwave ovens, coffee makers, all dishes, utensils, color cable TV/DVD and Wi-Fi. Weekly rentals include bed linens (but not towels).

Vista is the largest cottage, located at the top of the incline from the lake. You will love the scenic views from the dining area, as well as the deck. “Vista” can accommodate as many as six people. Master bedroom has a Queen bed and vanity, another large bedroom has twin beds and third bedroom has a double bed. Bath has a tub/shower.

Haven is just up the incline from the lake. Both the dining area and the attached deck offer terrific views overlooking the lake. One bedroom has twin beds, and the other, a double bed. The bath has a tub/shower.

Retreat is a converted boat house near the water’s edge. You’ll be just steps away from the beach while on the deck, which spans the living and dining/kitchen area. The single bedroom contains two double beds. The bath has a tub/shower.

Nest is a cozy, newer unit, situated away from the other cottages. It has french doors leading to a screened porch with unobstructed lake views. The bedroom has a Queen bed, and the living area has a hide-a-bed. The bath has a tub/shower.
